(54) HOME PAGE PREPARING DEVICE

(57) Abstract:

PROBLEM TO BE SOLVED: To easily prepare a home page for a virtual store opened to the public on an open network such as an internet.

SOLUTION: A constituting element storage part 30 stores the constituting elements of plural models to be used for a home page. A processing part 10 selects the constituting elements according to an instruction inputted by the prepare of the home page. Also, the inputted information is described in HTML language.

Moreover, the information is combined with the selected constituting elements so that the home page can be completed.
